

WEST ISLIP ROBOTICS BOOSTER CLUB, INC.

649 CADMAN ROAD, WEST ISLIP, NY 11795-1324

www.westisliprobotics.com

February 2006

Although we've been lucky with a mild winter, Spring will always be welcomed. It's a time for April showers, fresh beginnings, and SPRING CLEANING.

The West Islip High School Robotics Team is getting their road cleaning crew together again. Last year, we adopted a section of Higbie Lane between Union and Montauk. We would like to start off this season by encouraging all organizations that have also adopted highways in West Islip to join us on Saturday March 18th. Last year we collected over 1000 pounds of 'stuff', and our group actually had a fun time being together, including the day it rained!

Please let us know if you will be joining us behind the high school at 8AM for "coffee and...".

You are also invited to the SBPLI-FIRST Long Island Regional at Hofstra March 23-25. Come witness the excitement of 40 teams from Long Island and the metropolitan area competing with their robots invented to complete this year's challenge "Aim High". It's a fun, free, family day.

Please take a minute to visit our web site and view the various pictures and movies created by our Robotics Team members at www.westisliprobotics.com. For more information about the FIRST Organization, please visit www.usfirst.org. You may also contact any of this club's officers.

See you Saturday March 18th !
